Headteacher: Mrs N Allison

3rd June 2026

Dear Parents and Carers,

As part of our upcoming Maths Enterprise Event, we will be providing the children with exciting opportunities to develop their understanding of profit, sales, budgeting and money management through practical, hands-on activities.

This year, we will be linking our enterprise activities to Arts Week (which is week commencing 15th June). Each class will be given a budget and challenged to create products inspired by this year's theme, "Joy". The children will work together to plan, design and make their items while considering costs and potential profits during the week.

Once the products have been created, parents and carers will have the opportunity to purchase them in exchange for a small donation (minimum £1 per item). This will allow the children to experience the full enterprise process, from production through to sales.

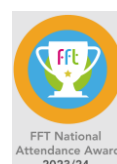

All money raised by each class will go directly towards an end-of-year treat for that class. Therefore, the more money a class raises, the bigger the reward they will be able to enjoy.

If you would like to purchase your child's product, please send your donation into school before Friday 3rd July, when your child will bring their creation home.

Thank you for your continued support. We are looking forward to a fun and creative event that will help bring mathematics to life for our pupils.

Mrs Stevenson
