

SUBJECT ON A PAGE ORACY

Inspiring Today's Children To Embrace Tomorrow's Challenges

VISION

Children use their voice to speak clearly, confidently and respectfully. We build a community where every voice is valued and listened to.

INTENT

Through our Oracy Curriculum we intend to:

- Ensure children speak clearly, with confidence and fluency
- Ensure oracy to be at the heart of all teaching and learning activities
- Build respectful and productive relationships
- Improve standards of oracy as children progress through the school
- Ensure communication skills enhance student engagement in learning, achieving improved outcomes academically
- Promote social equity by ensuring that all students have the opportunity to develop their voice and be heard

IMPLEMENTATION

We will implement our curriculum through:

- Oracy activities will be embedded in every lesson
- Children will be taught through different springboards for talk
- Children will use different talk tactics according to year group
- Children will be taught through the 4 strands – linguistic, cognitive, physical and emotional
- Sentence stems will enable children to speak respectfully and appropriately

IMPACT

We will ensure impact through:

- Standards of education will improve across all subjects
- Children from disadvantaged backgrounds will have equal access to talk opportunities and the gap will close
- Children will be able to articulate their thoughts and ideas appropriately and with confidence
- Children will develop communication skills needed for future life
- All children will be engaged in purposeful talk
